

Hello Sir / Madam,

We Robotics Charm, are a pioneer in Robotics training for School Students. For more than 7 years, we are successfully implanting students with knowledge of Robotics and Technology.

We would like to propose a new Robotics Lab activity at Mount Litera (Zee Learn Limited) Group of Schools. This activity will require a Robotics lab which will be sponsored by our company. Also the coaches will be provided by our side. We assure you to deliver best quality results in the form of different State, National & International level Robotics Competitions.
